Netcare Limited is an investment holding company which operates through a number of subsidiaries and employs just under 29 000 people.

The Netcare Group invests in growing and continually improving our capabilities and capacity, and in partnering with the public sector, to support the effectiveness of the national healthcare systems in which we operate.

It is this continuous investment in the latest medical technologies, high-level professional expertise, and commitment to caring for our patients that makes Netcare a leading healthcare provider.
