## Reference Letter Regarding Adcorp Project

This letter serves as a reference for Moses, whom has been of great value on the Nicolway project.

I have to commend him on his work executed on the site.

He has been extremely compliant, responsive and obliging.

He is able to follow, execute and report back on instructions requested often under difficult circumstances.

I am extremely impressed with the level of service I received when working on site with your team, headed up by Moses.

With thanks to you and Moses for the works completed.

Kind Regards

Belinda Hughes
